

Visit Health is a company focused on nationwide turnkey medical solutions. Founded in 2016 as a mobile healthcare provider, it pivoted its focus to providing COVID-19 testing and vaccinations in 2020. With over 3,000 clinical and logistics experts staged across the country, Visit Health is ready to support your facilities with a variety of additional healthcare needs.

CoreBioLabs is a CAP accredited and CLIA certified high-complexity molecular lab. The lab was founded in 2012 and is anchored by Board Certified Molecular Biologists and Pathologists. Our team is committed to the highest standard of patient care and provider customer service. State-of-the-art equipment provides precise, comprehensive and reliable results for our providers.
